Matthew Jenkins

Elizabethtown, KY 42701 • (270) 307-4000

Mattrjenkins99@gmail.com • linkedin.com/in/matthew-jenkins-590b59171/

I am pursuing an internship in software development or any related fields. I have academic experience and professional experience in object-oriented programming in Python, Java, and C++. I also have additional experience in HTML, CSS, WordPress, and Database design. I would be able to contribute to a company with this experience.

Education

BA, Computer Science, 2020, GPA 3.86
Western Kentucky University, Bowling Green, KY

- Java 1&2, Python 1&2, C++ 1, Data Driven Webpages
- Created Object-Oriented programs in Java and Python such as small banking software, a store GUI backing into a database.
- Computer software development experience
- President's List 4 semesters and Dean's List 3 semesters

Relevant [Software Developing] Experience

Akebono Brake, Elizabethtown
Quality Analyst   (10/2018)-(04/2019)

Worked as a quality analyst and made a program to watch a folder and edit any files entering into it so they would match the current work standards. Trained other associates on using a new plating management software and also managed/maintained the software. This project dramatically reduced cost spent in plating and was saving the plant over one hundred thousand dollars a month.

Additional Work Experience

Panda Express, Elizabethtown
Front of Store   (05/2017)-(09/2017)

Worked as a Lead Cashier. Had to manage, teach and supervise other cashiers and front of store employees.
